2. The Acting Director, Office of Federal Agency Safety and Health Programs (OFASHP), Department of Labor, in a letter to the CIA Safety Officer, advised that OFASHP had received a request under the Freedom of Information Act for a copy of all agencies' annual Occupational Safety and Health reports for CY 1979. These reports are submitted annually in compliance with the requirements of the Occupational Safety and Health Act. A reply was prepared to OFASHP providing proper channels in the CIA for the request. (U)

3. The proposed revisions of 29 CFR 1960 "Basic Program Elements for Federal Employee Occupational Safety and Health Programs and Related Matters" was received from the Office of Management and Budget with a request for review and comments. Members of the Safety Group reviewed the document and prepared a response for the signature of the Deputy Director of Central Intelligence. (U)

4. On 8 July, a member of the Safety Group met with a representative of the Domestic Security Branch and the

8. During the reporting period, two officers ^{more} ~~are~~ in [redacted] conducting audio countermeasures inspections, physical security surveys and security equipment maintenance. (C)

9. During the reporting period, two officers of the Overseas Security Support Branch continued on survey trips, one in Latin America and the other in Central America. (C)

10. During the reporting period, the Office of Data Processing turned over an operational version of an after-hours audit trail for the VM system to the Information Systems Security Group (ISSG) for its further evaluation. The audit trail will provide data on after-hours user activity which will be supplied to the ADP Control Officers in major Agency components on a periodic basis. From this data the ADP Control Officers may review the pattern of activity to detect unusual occurrences. Experience with this simple version will be beneficial to ISSG in constructing more sophisticated audit trails for different circumstances. (U/AIUO)
